2. Internacionalni Salon Avala 2022

Serbia PHOTO, 2022

About us

We are gathered out, attracted by the game of light and shadows, as fragile as butterfly wings over the flame of a candle.

We`ll never forget the magic kaleidoscope, such as bees never forget how to build honeycombs.

Come together to experience the light, challenging the darkness.

Serbia PHOTO Association was established to achieve the following objectives:

- affirmation and popularization of art and creative photography, to support and preserve Serbian cultural heritage, national history, customs and traditions, protecting the environment and natural beauty of Serbia through the medium of photography
- creation, support, encouragement and continuous improvement of the medium of photography in Serbia, then its comprehensive promotion at home and abroad
- we are co-operating with schools and professional associations in the country and abroad who are engaged in the medium of photography
- we publish books and other publications in the field of photography media
- we are organizing national and international photo exhibitions, under the patronage of domestic and international alliances, federations and associations
